

Why Clients Change Their Agent to CSC

You have options when it comes to your registered agent. If you haven't evaluated the many reasons clients change their agent to CSC, now is the time.

DEPENDABILITY *without* COMPROMISE

SEAMLESS TRANSITION TO AWARD-WINNING SERVICE

Service is at the center of everything we do. Our experienced team makes your transition as smooth and easy as possible by providing a dedicated point of contact, conducting an immediate nationwide entity audit to offer transparency and confidence in your entity status, and preparing and filing all change of agent documents for you through a limited power of attorney.

INDUSTRY-LEADING TECHNOLOGY AND ROBUST INTEGRATIONS

CSC's world-class service is coupled with our premier technology to centralize all of your critical compliance data and documents. We provide direct access to a full suite of compliance services, including the award-winning CSC Entity ManagementSM and CSC Matter ManagementSM solutions, and we offer secure integration with your third-party systems to make CSC a seamless part of your workflow.

UNMATCHED LAYERED SECURITY APPROACH

Robust security is paramount when it comes to your data and documents, and CSC has made significant investments in our layered security infrastructure. Your service of process (SOP) is NEVER offshored or outsourced, and all entity data and documents are maintained in Service Organization Control (SOC)-audited and ISO 27001-certified hosting facilities.
